SOLUTIONS WITHOUT BORDERS

Voice Over IP (VoIP) Strategy

VoIP solutions help unlock the vast potential of a truly integrated voice and data network.

Description

Voice over Internet Protocol (VoIP) solutions help unlock the vast potential of a truly integrated voice and data network. Emerging applications such as unified communications, speech recognition, and voice-activated services make VoIP the ideal platform for network integration. As IT departments face the challenge of supporting media-rich services while maintaining tight operational budgets, VoIP offers a solution that efficiently provides high bandwidth communications capacity, while reducing operating costs and building a more sustainable business infrastructure.

The Plan

Delegata has substantial expertise in developing VoIP strategies. We have invested in these technologies and business models to deliver solutions that provide quick business benefits to our clients. Delegata has invested in:

- Baseline VoIP assessment framework
- Collection of best practices from selected industry leading sources
- ROI models for VoIP implementation
- Tailored implementation methodology
- Knowledge transfer plan
- VoIP strategy workshop to facilitate a consensus

The Plan

Through a unified and integrated approach, Delegata provides value through knowledge transfer, customized templates, design documents, and proven ROI models that can be used for similar initiatives. Successfully implementing VoIP strategy components in an enterprise solution requires a solid technical, operational, and business expertise that spans multiple networks, applications, and core competencies. Delegata’s highly skilled and experienced consultants help ensure successful VoIP implementations for our clients.

The Benefits

Delegata clients quickly achieve key benefits such as:

Benefit	Explanation
Speed	Delivering timely convergence strategy thereby avoiding excessive delays in research
Risk Reduction	Applying industry-proven best practices
Cost Reduction	Utilizing a structured approach that reduces the time and effort required to complete the strategy
Value	Implementing an ROI model to guide the strategy
Improved Integration	Deploying our integrated communications framework, short-term benefits are quickly realized
